

Kadal Krant

From the shores of Arabian sea to Noord Zee;
A newsletter from Tulu Koota Netherlands

Welcome to the very first edition of *Kadal Krant* — the newsletter we have bravely decided should exist every month.

We hope you enjoy reading it at least as much as we enjoyed figuring out how to make a newsletter.

BISU 2026

A dream come true !

The Tulu Koota group began its glorious journey in 2018 as what all great movements do these days — a WhatsApp group. What started as a handful of enthusiastic members slowly multiplied into a mighty force of 150+ people, united by culture, conversation, and an impressive volume of forwarded messages.

Aanda kana satya aandu!

Despite years of lively chats, good mornings, festival wishes, and the occasional debate, the group had never actually met in real life. Meeting “sometime soon” remained a cherished dream, lovingly discussed, postponed, and re-discussed for years.

On 12th April 2026, history was made. The long-awaited wish stepped out of the WhatsApp screen and turned into reality. Bisu 2026 brought together around 100 members of the Tulu community for a grand, face-to-face gathering — proving that we do, in fact, exist beyond our profile pictures.

L-R: Harsh Shetty, Shri Kumar Tuhin,
Gautham Puthran, Jason Rodrigues

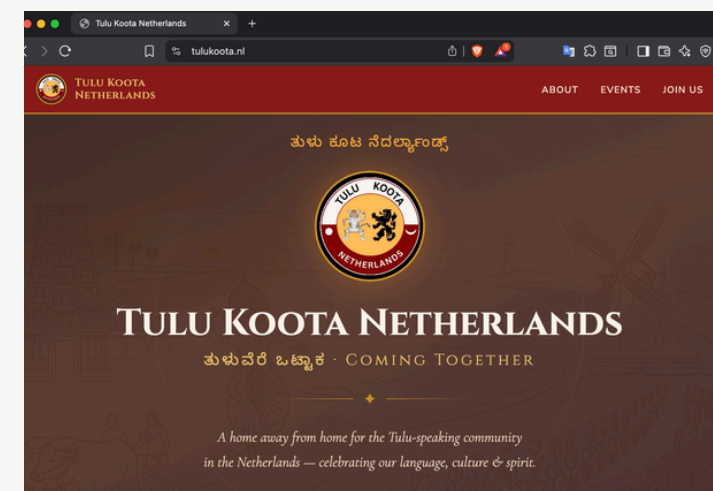

Members of Tulu Koota had the honor of meeting **Kumar Tuhin**, Hon. Ambassador of India to the Netherlands, at the Embassy of India, The Hague. The group also shared a report of the event with the Embassy's cultural wing.

For our kleine community, this was a proud and meaningful moment of representation.
